It follows the existential phenomenological tradition in

Online Library Caring For Madness The Role Of Personal Experience In The Training Of Mental Health Nurses

addressing the issue of 'madness' and caring and adopts a historical perspective to show the antecedents of modern practices in caring. This historical perspective includes ancient Vedic, Egyptian and Greek perspectives and shows the continuity, similarity and contradictions in care from the ancient times to the present.

Caring for Madness: The Role of Personal Experience in the ...

viii Caring for Madness determine the incoherent way in which the role of the psychiatric nurse is defined in practice. For Dr Ramsamy, the way forward is to develop a philosophy of personal knowledge that can help us to integrate the personal and impersonal aspects of psychiatric nursing. Such a philosophy, he claims,
