The gemba walk was conducted with the precision you would expect from Toyota. Rather than a generic tour, we worked with the Toyota team to link several of the key research questions from our Summit with what people could see at the gemba. In particular visitors observed and discussed: What is Lean Strategy?

What is a Gemba Walk? Definition, tips & checklist ...

Gemba walk is a "go and see" practice with aim to understand the current condition of your value creation process (value stream) with the purpose to develop the problem solving capabilities of your people. Gemba walks shape behaviors based on at least four lean values or principles: Observe problems first hand (go and see)

Lean and Meaningful: Gemba walks versus Waste walks

A key component of a Gemba Walk is to get input from employees on what is going right and what is going wrong in a specific operation. A way of getting employee buy-in is to explain how the benefits of a Gemba Walk go beyond improving a product or the company ' s bottom line. Many projects result in a much safer work environment.
