Globalization And Domestic Politics Parties Elections And ...

Many see globalization as strengthening the hand of capital owners and right-wing political parties as opposed to labor owners and left-wing parties. With a global economy where capital can move relatively freely, it becomes advantaged domestically. Globalization changes the domestic balance of power between business and labor.

Economic globalization and the economic policy positions ...

In recent years, globalization has entered a new phase driven by structural shocks from financial crises to the undermining of representative democracy. This is an age of upheaval and disorder epitomized by the rise of Donald Trump to the presidency of the United States, Great Britain's unanticipated departure from the European Union (EU), and the rapid growth of populist parties in the established democracies of Europe, as well as in the Southern and Eastern periphery.
