How the Internet Happened (2018) by Brian McCullough is a really excellent look at how the commercial internet grew from the early 1990s until the launch of the iPhone. While writing the book McCullough recorded the interviews he did with people and released them as 'The Internet History Podcast'.

How the Internet Happened: From Netscape to the iPhone ...

How the Internet Happened, a new book from Brian McCullough, host of the popular Internet History Podcast, could have been a good venue for a necessary round of mythbusting. Unfortunately, most of the time, it is not. McCullough imagines himself as a neutral filter of information, the type of reporter people are supposed to venerate.
