1.) Always make the floor more heavy than the other parts of your drawing. This is so all your perspectives have that gravity to them... You can do this by adding a stronger colour on the floor, by adding tiles and textures, by adding a reflection and by drawing cast shadows. 2.) Always use designer furniture for all your interior design ideas.

One of the interesting interior design sketching techniques is pen on tracing paper. To add a bit of drama to the pencil sketch I put a layer of tracing paper on top and trace it with a pen. The pen lines are then more dynamic because the shapes below are already set. There's a chance of running into a problem with colouring.
