Motorbikes & Scooters ...

Speaking of cash, the Vespa GTS 300 rings the till at £4899, which is a lot of dough for something looks, well, a bit basic. Compare it to the Honda SH300i or similarly performing Suzuki Burgman 200 and the Vespa is pricier. Some of the cost is offset by the GTS 300's strong residual values, so you won't lose much when you come to sell.

Review: Vespa GTS 300 | Product Reviews | Honest John

No scooter brand comes close to Vespa in terms of image, status or appreciation and the high capacity GTS 300 is the model most suited to modern day, urban life.

With all its design and technological content, the Vespa GTS Super 300 Euro 4 has revisited a “sporting classic” of the mighty Vespa collection. While being functional even in the smaller things, like the USB port in the double compartment under the leg shield back plate, it has not renounced its “racing” spirit.

The new Vespa GTS Super Tech represents the top and most powerful model ever seen on a Vespa. GTS SuperTech is the first large-bodied Vespa to adopt a fully digital instrument cluster with 4.3" full colour TFT display. The instrument panel, as well as displaying all the classic information such as speed, total and partial mileage, ambient temperature, and fuel level, works as a display for the VESPA MIA smartphone connectivity system.
