- EAN/MPN/UPC/ISBN: 0043859558322.

Shredders - Cross or 'Confetti' Cut

Protect your identity by shredding personal and confidential documents. For high security choose a cross-cut shredder. These cut the waste into tiny 'confetti' size bits so it's virtually impossible for a document to be reconstructed. Cross-cut or 'confetti' waste is less bulky so you don't need

to empty the basket so often.
